St. Louis (IL-Section)	6.7%	6.5%	0.2
Illinois Statewide	5.8%	6.0%	-0.2

* Data subject to revision.

CHICAGO – Unemployment rates increased in 12 metro areas, decreased in one and was unchanged in one. Eight metro areas across the state saw job loss compared to a year ago, according to preliminary data released today by the Illinois Department of Employment Security (IDES) and the U.S. Bureau of Labor Statistics (BLS). Not seasonally adjusted data compares November 2015 with November 2014.

Illinois businesses lost jobs in eight metro areas including Carbondale-Marion (-1.8 percent, -1,000), Quad Cities (-1.7 percent, -3,200), and Lake-Kenosha (-1.5 percent, -6,300). Illinois businesses added jobs in six metros, in which the largest increases were seen in: Elgin (+2.0 percent, +5,000), Champaign-Urbana (+1.5 percent, +1,700), Danville (+1.4 percent, +400), and Chicago-Naperville-Arlington Heights Metro Division (+1.3 percent or +46,900). The industry sectors recording job growth in the majority of metros were: Transportation, Warehousing and Public Utilities (nine of 14), Leisure and Hospitality (eight of 14), and Education and Health Services (eight of 14).

“While the increase in unemployment rates will garner most of the headlines, more troubling is Illinois’ extremely low employment growth rate this past year,” said IDES Director Jeff Mays. “Out of 102 counties in Illinois, 96 remain below their pre-recession 2007 peak employment levels.”

The not seasonally adjusted Illinois rate was 5.8 percent in November 2015 and stood at 12.2 percent at its peak in this economic cycle in January 2010. Nationally, the not seasonally adjusted unemployment rate was 4.8 percent in November and 10.6 percent in January 2010 at its peak. The unemployment rate identifies those who are out of work and looking for work, and is not tied to collecting unemployment insurance benefits.

Total Nonfarm Jobs (Not Seasonally Adjusted) – November 2015

Metropolitan Area	November 2015*	November 2014**	Over-the-Year Change

East Central Illinois Highlights

Help Wanted

Area employers advertised for 5,200 positions in November and approximately 85 percent sought full-time employment, according to Help Wanted OnLine data compiled by the Conference Board, which is a global, independent business membership and research association. Numerous job opportunities were available in Transportation, Health Care, Sales, and Office Support Occupations in November 2015. Employment openings were also advertised for Education, Computer, and Management occupations. Installation, Maintenance, and Repair workers were also in demand. Many jobs were advertised in Food Service, Engineering, Business and Financial occupations, Construction, and Production. Employers actually need more workers than the help wanted advertising indicates because some industries, such as Construction, typically do not post advertised job openings.

Champaign-Urbana MSA

The not seasonally adjusted unemployment rate increased to 5.7 percent in November 2015 from 5.3 percent in November 2014. In November 2015 there were an estimated 7,100 unemployed in the labor force.

Non-farm employment increased from its year-ago level by +1,700. Leisure-Hospitality (+1,100), Educational-Health Services (+500), Government (+300), Retail Trade (+100) Transportation, Warehousing, and Utilities (+100), and Mining and Construction (+100) recorded job gains. Manufacturing (-100), Wholesale Trade (-100), Information (-100), and Financial Activities (-100) recorded an employment loss from November 2014.

Danville MSA

The not seasonally adjusted unemployment rate increased to 7.7 percent in November 2015 from 7.3 percent in November 2014. In November 2015 there were an estimated 2,900 unemployed in the labor force.

Non-farm employment increased from its year-ago level by +400. Manufacturing (+700), Federal Government (+200), Wholesale Trade (+100), and Transportation, Warehousing, and Utilities (+100) recorded job gains. Leisure-Hospitality (-200), Local Government (-200), Retail Trade (-100), Professional-Business Services (-100), and Other Services (-100) recorded an employment loss since November 2014.

Note:

- Monthly 2014 unemployment rates and total non-farm jobs for Illinois metro areas were revised in February 2015, as required by the U.S. Dept. of Labor, Bureau of Labor Statistics (BLS). Comments and tables distributed for prior metro area news releases should be discarded as any records or historical analysis previously cited may no longer be valid.
